EZYFLOW NANO

LIQUID FERTILISER

A liquid suspension of technical grade CALCIUM and SULPHUR applied to improve your soil structure by reducing SODIUM build-up and increasing CALCIUM levels in the soil.

Guaranteed analysis:
16% CALCIUM (Ca), 13% SULPHUR (S) w/v
S.G: ~1.5 | Colour: Cream Suspension

CONTENTS 20L

DIRECTIONS FOR USE
SHAKE WELL OR INVERT SEVERAL TIMES before use as settling may occur after prolonged storage. Store in a closed, original container in cool, dry, well ventilated area away from direct sunlight. Adhere to the following before disposal through the Drum Master program. Add rinsings to the spray tank.

MIXING:
To ensure even mixing half fill the spray tank with clean water and add the required amount of product. Agitate thoroughly then add the remainder of water. Agitate thoroughly while carrying out spray operations. Reseal part-used containers immediately after use.

PRECAUTIONS:
Avoid application under extremes of climate, e.g. rapid drying conditions, extremely slow drying conditions, frost, rain, or when frost or rain are anticipated. Clean all equipment before and after use. It is advisable when applying for the first time or in conjunction with other products, to spray an initial small test area for observation before general application.

STORAGE AND HANDLING
KEEP OUT OF REACH OF CHILDREN
When handling or using this product, avoid skin and eye contact, ingestion or inhalation of spray mist. Always wear protective gloves, goggles, hat and protective clothing. Should the product come into contact with the product, contact your doctor or the Poison Information Centre (13 11 26).

CONDITIONS OF SALE
The use of this product is beyond the control of Landmark Operations Limited. No warranty is expressed or implied regarding the suitability or efficiency for any purpose for which it is used by the buyer. Landmark Operations Limited accepts no responsibility for any consequences resulting from the use of this product. Landmark Operations Limited will not be held liable for any loss, injury or damage arising from the sale, supply or use of this product, whether through negligence or otherwise. No responsibility will be accepted for any consequence whatsoever resulting from the use of this product.

COMPATIBILITY:
EZYFLOW NANO GYPSUM is compatible with a wide range of agricultural products. If unsure of tank mixes always conduct a test and test spray a small area of the target crop. For the latest results of compatibility please contact the retailer.
